© 1996-2014, Amazon.com, Inc. or its subsidiaries The cooking level indicator adjusts the cooking time to the size and thickness of the meat. The beep lets you know when your grilled meat is exactly the way you like it. The future of the grill is here! There's nothing like a hot meal right off the grill. Even if you have never fried before, you can become a professional at any time with T-fal OptiGrill. For the perfect grill result, each time, simply place it on the kitchen counter, add your favorite food and wait for it to prepare for your preferences thanks to the Cooking Level Indicator. This allows you to follow the cooking process so you can see exactly what the cooking stage your food is on and adjust how your food is cooked. Explore our range of Optigrill models to find the perfect match for you.
